Regine Humanics Foundation works for the common good of the one and common humanity. It is a human enterprise in the sense of humanics but exist as social enterprise but, all its 'funds' are used to advance the aims and objectives set out in The Foundation's Vision-Mission-Foundation Statement. There are no shareholders, owners or investors to take 'profit' from The Foundation. Those, who work for The Foundation will get the 'benefits' of their work in the forms of 'salaries' and what are entailed in 'employment'. All funds are used and invested in advancing the works of The Foundation.

The Humanics Foundation runs the following, to begin with but much, much more there are The Foundation has aims and aspirations to do in many other areas of life and existence in seeking to advance the human condition.

Join The Elleesium Humanics Family

The Humanion aspires to create The Elleesium Humanics Family from across the United Kingdom, across the European Union and from across mother earth. These are the people, who are inspired by what Regine Humanics Foundation Ltd stands for and what The Humanion does and all the things, that The Foundation does and wants to do and what humanics is and what its stands for. And these people, are a bonded in the 'spirit' in this family of humanity, connected by a humanionhood, even, if, we never met them or, may, never, meet them! And why do people join and how do they? You join The Elleesium Humanics Family because you want to support Regine Humanics Foundation, The Humanion Online Daily, London Poetry Festival, Humanics Spring

Festival and all the things The Foundation would like to do. And, what do you do to join: you pay a £01 contribution to Regine Humanics Foundation and that's for life! That's a humanicsovicsopia! Yes, but we have just begun and, we, always, say, the Long Walk to Humanics: We have all the time in the world to build up and keep on walking on this, long, long, long walk to humanics. But, it starts with you, one single human being, saying to yourself: Yes, I would like to be part of this dream, this vision, this utopia, this humanicsovicsopia and I would support The Foundation with just £01 pound. What The Foundation would like to do and, at this stage, it is just a wish, with this membership money is not to spend it in on-going and current activities but 'invest' the money in a 'long-term' basis into a most suitable 'saving' account and build it up as membership grows and only utilise the interests generated from this fund. This way, The Foundation will be able to establish a secure future for all times to come.

Small droplets of water make the vastness of that vast, vast, vast Specific Ocean. There is no 'profit' or 'gain' in this to anyone, who is joining and contributing a pound sterling but this support will grow something to keep working to advance the human condition, to challenge dehumanisation, to work to rehumanise our societies and living and existence-sphere. The only thing The Foundation asks you as member is, if, as and when you happen to visit London you make sure you speak to us and tell us you are here and, as and when The Elleesium Circle or The Café Elleesium is up and running, you are welcome to just drop in. The earth is a nano-dot in this infinity of the Cosmosian Universe.

From April 06, 2018 Regine Humanics Foundation Ltd began its journey and so began our journey to raise our The Elleesium Humanics Family members. Yes, the large and big conglomerate of the distorteddia and the entire lot of the capitalist money machine are out there but we can still stand up, make a choice and do something: challenge dehumanisation, rehumanise and denounce, fight and defeat mindless vandalism, desecration, dissection and devastation of reality, of real society and community, of individual, familial and social life and cultural spheres and utter 'slaughter' of the truth, of the true, transparent, accountable, legitimate and verifiable bona fide, professional press and media and journalism and the monstrosity, cruelty, viciousness, aggression, hostility, bullying, abuse and the rest, that go on in this distorteddia.

There is no personal benefit for this membership to you nor does it 'make profit' for any person or individual or group of them but, as you know, Regine Humanics Foundation benefits no 'person' but exists to advance and support and take forward the human condition. And as members of The Elleesium Humanics Family you are our 'Water-Weather-Ecology' System across Mother Earth and across humanity to take forward this message that here is Regine Humanics Foundation Ltd and The Humanion, The Humanion Portable Daily, The Humanicsxian Magazine, The Ellaarch, London Poetry Festival, Humanics Spring Festival and Elleesium Humanics Lecture, that believe in something and working to advance that vision and philosophy of humancis, that humanicsovicsopia. Support Regine Humanics Foundation and join The Elleesium Humanics Family.

Support Through The Humanion: UK Online National and International Daily

Online Quality National, International and Universal Daily Newspaper, that The Editor and The Editorial Team of The Humanion have been publishing on one hundred percent voluntary and in a non-organisational way since September 24, 2015. At this beginning of Regine Humanics Foundation Ltd The Humanion is the 'earning' an 'income' pathway. The Humanion is free for readers to read and access. How can readers and anyone, who can help and support The Foundation and The Humanion? The Humanion is free to read online at thehumanion.com

Reader Contributions

The Humanion will forever remain free for humanity to read, study and enjoy. What we are inviting everyone from all our readers and all others is to make a voluntary contribution depending on their resources. Readers can make a one-off payment of any amount or set up a weekly, monthly or quarterly or annual contribution. This way The Humanion can receive direct support from the readership.

Advertising in The Humanion

Organisations, agencies, businesses of all kinds and all other bodies can advertise in The Humanion on a daily basis. This advertisement is what we would call a social 'investersement' or an investment in advancing and supporting social enterprising work of organisations like Regine Humanics Foundation Ltd and The Humanion. For details about it, please, look on the relevant section in The Humanion. However, The Humanion will not accept any distorted media provided-and-run advertisements. Agencies, that would like to advertise in The Humanion will have to do it themselves and provide the advertising materials themselves. Deal with the Humanion by themselves in the old-fashioned way people used to do with the media and press advertisements.

And, in doing this, all agencies and businesses are making a contribution to support valid, legitimate, necessary, professional and bona fide journalism, that is an absolute and fundamental part of all civic and democratic societies, cultures and socio-spiritual spheres, as well as, doing something to challenge the sheer dehumanisation, manipulation and herding of the public by these distorted conglomerate. This way they are not only challenging dehumanisation but, also, supporting rehumanisation of our social and civic spheres.

On this, The Humanion is a text-image-based publication; it does not do videos or moving images or texts or graphics of anything other than static texts and images. There are specific pages and places, where advertisements can be published. There are millions of businesses and organisations spending billions and billions on advertisements; they can use that great amount of financial resource and, while still advertising, still support social enterprising works, knowing that this money is not going make any human being rich overnight but every penny is being used and invested in advancing humanity in reality in real communities and societies in all spheres.
